Hon. Daniel J. Daley.....	1910-1911
	1911-1912
	1912-1913

Inaugural Address.

Delivered by the Mayor, Hon. Daniel J. Daley,
March 25, 1912.

Gentlemen of the City Council:—

For the third and last time I salute you as Mayor elect of our thriving city.

To be thus honored in three successive elections by decisive majorities fills my heart with gratitude, and I assure our people whose chosen servant I am, that my very best efforts will be exerted to zealously guard and protect the great trust confided to my care.

To you, gentlemen, I pledge my earnest co-operation in all your deliberations, to the end that we may labor in harmony for the common welfare of all our citizens.

In union there is strength; in discord there is weakness.

Therefore, after full and fair discussion, and a free interchange of views, in all matters submitted to us, we should strive to unite in final action.

Difference in opinion is not only permissible but necessary in all deliberative bodies, in order that public questions may receive due consideration and be rightly determined.

In a growing community like ours a variety of subjects demand our attention and mutual forbearance should govern us in all our deliberations.

Our relations for the past two years have invariably been cordial and harmonious; let us hope for a continuance of the same in the future.

The financial condition of our city should impress us as of greatest importance because upon that condition are we judged.

It is gratifying to know that our debt during the past year has been reduced to the extent of \$20,822.60, leaving our net City debt at the close of the fiscal year \$145,896.02.

Financial Subjects.

FINANCIAL CONDITION JANUARY 31, 1912.

LIABILITIES.

Total Funded Debt.....	\$	298,000	00
Outstanding Notes.....		20,000	00
Unpaid payrolls and unexpended appropriations.....		2,953	09
	\$	320,953	09

RESOURCES.

Uncollected taxes.....	\$	48,019	75
Cash on hand.....		13,911	73
Notes receivable, tax sales, real estate and sundry accounts receivable.....		7,303	58
	\$	69,235	06
Gross City debt.....	\$	251,718	03
Less Sinking Fund.....		105,822	01
Net City debt.....	\$	145,896	02
The Net City debt February 15, 1911 was.....	\$	166,718	62
Decrease in debt during year.....	\$	20,822	60

You will note by reference to the sinking fund investment, page 252 of the City Report, that \$44,000.00 thereof and accrued interest, is invested in Municipal bonds of the town of Danbury, Connecticut.

These bonds do not mature until 1932, long after the maturity of all our bond issues, and six years after the last bond of our last issue becomes due.

Why such an investment was made is beyond my comprehension.

This great sum of money is tied up in such manner that it is not available for the payment of our bond issue of 1893 of \$70,000.00, \$61,000.00 of which is due December 1, 1913, and must be paid in cash.

In order to meet this obligation a large proportion at least of the Danbury bonds must be disposed of, and the City must at best necessarily suffer a serious loss, probably \$4,000 to \$5,000 on this investment.

We should carefully watch the condition of the Municipal bond market, and take advantage of the first satisfactory opportunity to convert into cash a sufficient amount of these bonds to satisfy, with the cash then on hand in the sinking fund, our bond issue due in 1913.

During the past year we have caused to be abated the uncollected taxes of the former Collector, G. J. Oleson, for the years 1902, 1903 and 1904 aggregating about \$3,000, leaving of his last years commitment only \$1,205.42.

An overlay account of at least \$5,000 is recommended to be raised

by taxation this year with which to clean up this small balance and make a good beginning in the abatement of the uncollected taxes of Collector J. E. Gonya.

During the past two years we have abated and removed from the City's resources nearly \$10,000.00 of false credits composed of worthless uncollected taxes, and future administrations should adopt the same policy, notwithstanding the effect it may have on financial showings.

This must be done, otherwise the City will run behind every year.

The system of carrying these worthless credits as assets has been indulged in beyond all reason.

It is probably safe to say that poll taxes aggregating from \$2,500 to \$3,000 are lost annually.

This condition must continue until relieved by legislation, and must be met by annual abatements.

If a legislative enactment could be passed fixing a flat rate for polls, it would afford a remedy, and I trust our representatives to the next General Court will exert their influence in that direction.

We have been obliged to expend during the year nearly \$3,000.00 for necessary repairs to the Central Fire Station, Forest Fires, Small-Pox, Vaccinations and Diphtheria, for which no appropriations were made.

This large disbursement for emergency purposes should be considered in measuring the financial results of our administration.

All notes issued the past year in anticipation of taxes to pay the current expenses of the different departments have been fully paid.

This policy of paying notes issued in anticipation of taxes, from the taxes of that year, should always be observed.

We have made a beginning this year and future administrations should and can accomplish the same result.

Our City Auditor advises that the annual sinking fund appropriation, which has heretofore been \$6,000.00, can be reduced to \$4,000.00, and still make the accumulations amply sufficient to satisfy our bond issues of \$70,000.00 due December 1, 1913, and of \$50,000.00 due May 1, 1917.

Therefore such reduction in the annual appropriation for the sinking fund is recommended.

Our other bond issues are serials and are paid in annual installments.

The total appropriation recommended by the finance committee to defray the expenses of the various departments of the City for the ensuing year is \$143,455.04.

It will undoubtedly be necessary to modify these estimates to some

extent, but it is believed that amount will be approximately sufficient.

In making our final appropriations we should keep in close touch with the assessors, in order that the proper equation may be maintained between our tax rate and the new valuation which, under the direction of the State Board, will probably be very materially increased.

Highways.

The most important work of this department will be the removal of the two old bridge spans across the Androscoggin River on Mason Street, and erecting in place thereof two new steel structures.

We believe a very advantageous contract for this work was authorized by you on March 21, 1912, between the City and the United Construction Company of Albany, New York, which was duly executed by your bridge committee on that date.

The performance of this contract involves the expenditure of fourteen thousand seven hundred and seventy-five (\$14,775.00) dollars.

Provision for the payment of this sum according to the terms of the contract must be made.

The retiring Finance Committee did not include in its list of recommendations for appropriations an item covering this proposed disbursement for reasons stated in its report, page 241 of the City Report.

It is believed that the cost of removing the old, and constructing these new bridges, can very nearly, if not quite, be satisfied by receipts belonging to the transfer account.

Last year the accumulations credited to this account amounted to \$10,774.14, and I anticipate an increase during the coming year.

If we can avoid overdrawing our accounts, the entire amount of this transfer account would be available for application to cost of bridges.

The balance can be taken care of by a comparatively small loan. In this manner it seems to me we can secure two splendid bridges without providing for payment of any part of the cost by taxation this year.

The highway between Gilbert Perry's and the Murray place is still in deplorable condition, and must receive attention this season.

The State Engineer advises me that by order of the Governor and Council we are expected to appropriate the sum of \$200.00 to be combined with a like amount, to be contributed by the State, for State Highway maintenance by authority of State law, and such appropriation is therefore recommended.

The purchase of land for a Central Stone Crushing Plant, as recommended by the Street Commissioner, is advised.

The practice of erecting dwellings in remote parts of the City,

without reference to street, sidewalk or sewer accommodations, should be checked, either by a more vigorous enforcement of our building ordinances, or by the passage and enforcement of new ordinances if the old ones are inadequate.

We should insist that our Street Commissioner remove loose stone from the surface of our streets; this duty has been sadly neglected in the past.

Sidewalk extension and construction is one of the prime necessities of this City, and I hope the subject will receive the attention it deserves.

Schools.

Little need be said relating to this department except by way of praise.

The Board of Education complains against the Brown schoolhouse and says that the building is very poorly ventilated and badly arranged for school purposes.

They recommend the construction of a new brick building in its place.

While it would be very gratifying to see this change made, we ought, if possible, to postpone it one year more by reason of the expense incident to the construction of the new Mason Street bridges which could not longer be postponed by reason of their menace to public safety.

We should remember the prospect of securing the location of a State Normal School in Berlin during the next session of the legislature, which convenes January next.

This matter was looked upon at the last session with marked favor, and we ought to succeed at the next session.

This would simplify the schoolhouse situation on the West side if the Normal School building could be located in that section.

Public Library.

Several recommendations are made by the Library Trustees, page 99 of the City Report.

They complain that the children's reading room is insufficiently heated, due, it seems, to the fact that the steam pipes are located in the upper part of the room, and recommend that they be lowered so that the heating equipment would be more efficient.

An investigation of this situation is recommended.

The Trustees also request us to use the appropriation for remodeling the front steps of the library building, \$200.00, for the purpose of placing a skylight over the central dome for use during the winter, in order to prevent the escape of heat and economize in the use of fuel.

If such result could be accomplished it might be wise to follow this suggestion, although at some time in the near future I should be much gratified to have the main entrance of the building more artistically fashioned than it is at present.

We might also save money by arranging with the firemen at the Central Fire Station to look after the library heating plant.

Fire Department.

The repairs made on the roof of the Central Fire Station the past summer, the recent reconstruction of the chemical into a combination hose and chemical wagon, and the purchase of 1,000 feet of new hose place our fire fighting equipment in the front rank.

We still have a much needed improvement to make.

The hose house at Berlin Mills Village should be replaced with something better, and a different location provided at an early date.

The foundation of the present building is badly decayed, and money expended for repairs on the structure would be practically thrown away.

Department of Public Health.

The operations of this department have been quite extensive as shown by the City Report, Pages 115-130, a careful perusal of which will well repay the reader.

It seems to me that we might improve this department in at least one respect by employing a City physician at a fixed annual salary and not only save money, but secure more systematic and satisfactory service in this branch.

The advisability of adopting such a course is submitted for your consideration.

The Finance Committee have recommended an appropriation of \$1,000.00 to construct a surface sewer in Berlin Mills Village from Sixth Street to the river, discharging at a point below the Berlin Mills dam.

It is hoped that this appropriation will be made and the work performed.

Gambling and the Sale of Tobacco to Minors.

Recent prosecutions by private individuals involving the violation of the law prohibiting gambling, and the sale of tobacco and cigarettes to minors, disclose that the pupils in our public schools have been indulging in both these vices to an alarming extent.

Gambling in all its forms is bad and is punishable by severe penalties; and holding out inducements in the form of slot machines, and other devices, to encourage minors to form gambling habits is partic-

ularly reprehensible.

The sale of tobacco and cigarettes to this same class of persons is likewise a penal offense and a practice which all good men and women should discourage.

Let us hope that those offering these temptations to the young people of our community will at once abandon this class of business, and that the department having such matters in charge will apply the law to those who neglect or refuse to do so.

Conclusion.

It would be well to request the City Clerk to make a list of all unperformed orders of the City Council made during the year relating to Streets, Sidewalks, Sewers and other improvements, so that such matters may have early attention this spring; and also a list of petitions which have not been finally acted upon, to the end that those which are meritorious may have due consideration.

It is impossible for the executive department to anticipate, at this time, all the conditions that may arise during this year's administration of the City's affairs requiring suggestions or recommendations, but they will be given from time to time as occasion demands.

The Mayor hopes that each of you gentlemen, together with heads of departments and citizens generally, will, at all times, assist him by suggestion and advice.

In this way we can be mutually helpful, and the welfare of our City improved and preserved.

I am deeply grateful to the members of the City Council and other City officials with whom I have labored in the past for their uniform courtesy and gentlemanly conduct toward me; and I bespeak for them the grateful appreciation of our people for the good work they have done.

Respectfully submitted,
DANIEL J. DALEY, *Mayor.*

Ordinances.

In the year of our Lord one thousand nine hundred and twelve.

AN ORDINANCE relating to Pawn-Brokers.

Be it ordained by the City Council of the City of Berlin, as follows :

SECTION 1. That Sections One, Two, Three, Four, Five, Six, Seven, Eight, Nine and Ten of Chapter One Hundred and Twenty-Nine of the Session Laws of 1909, State of New Hampshire, be and hereby are adopted to be in force in said City of Berlin.

SECTION 2. All ordinances and parts of ordinances inconsistent with this are hereby repealed.

SECTION 3. This Ordinance shall take effect upon its passage.

Passed February 29, 1912.

Approved,

DANIEL J. DALEY, *Mayor.*

Attest,

P. J. SMYTH, *City Clerk.*

In the year of our Lord one thousand nine hundred and twelve.

AN ORDINANCE to prevent keeping of swine in the compact part of the City.

Be it ordained by the City Council of the City of Berlin, as follows :

SECTION 1. No person, firm or corporation shall keep any pigs or hogs within the compact part of the City.

SECTION 2. The compact part of the City shall mean any part of the City wherein the houses are situated within a distance of two hundred (200) feet of one another.

SECTION 3. Any violation of the provisions of this ordinance shall be punished by a fine not exceeding ten dollars (\$10.00) for each offense.

SECTION 4. This ordinance shall take effect upon its passage.

Approved April 25, 1912.

JOHN T. MORAN, *Acting Mayor.*

Attest,

P. J. SMYTH, *City Clerk.*

Orders.

In the year of our Lord one thousand nine hundred and twelve.

An Order to Charles L. Sanborn, Sewer Commissioner.

By order of the City Council passed June 20, 1912, you are directed to lay a sewer on Union Street in accordance with the petition of the Board of Health.

Resolutions.

In the year of our Lord one thousand nine hundred and twelve.

A RESOLUTION relating to old and construction of new bridges on Mason Street.

Resolved by the City Council of the City of Berlin, as follows :

That the two old bridges across the Androscoggin River be abandoned and removed because of their weakened condition, and that two new single span steel bridges be purchased and erected in place thereof, in accordance with plans and specifications therefor, prepared by John W. Storrs, Consulting Engineer, now on file with the City Engineer, and the general supervision of the work be delegated to a bridge committee, to be composed of the Mayor, City Engineer and Standing Committee on Roads and Bridges, with authority to execute all contracts on behalf of the City relating thereto which have first been approved by the City Council.

Passed March 21, 1912.

Approved,

DANIEL J. DALEY, Mayor.

Attest,

P. J. SMYTH, City Clerk.

In the year of our Lord one thousand nine hundred and twelve.

A RESOLUTION relating to bids for the removal of old, and furnishing new bridges across the Androscoggin River on Mason Street.

Resolved by the City Council of the City of Berlin, as follows :

WHEREAS in response to notice dated March 6, 1912, signed by the Mayor, duly authorized ; several bids have been received for removing the two old bridges across the Androscoggin River on Mason Street, and erecting in place thereof new steel bridges in accordance with plans and specifications described in said notice, and

WHEREAS such bids have been opened and it is found that the United Construction Company of 467 Broadway, Albany, New York, is the lowest bidder, said bid being \$14,775.00.

Now therefore be it RESOLVED that the bid of said United Construction Company be accepted and the contract for furnishing the material and performing the labor contemplated in said notice and the plans and specifications referred to be awarded to said United Construction Company accordingly, provided an acceptable bond

conditioned for the faithful performance thereof is furnished by them.

Passed March 21, 1912.

Approved,

DANIEL J. DALEY, *Mayor*.

Attest,

P. J. SMYTH, *City Clerk*.

In the year of our Lord one thousand nine hundred and twelve.

A RESOLUTION to raise a sum not exceeding twenty thousand dollars (\$20,000) in anticipation of taxes for the municipal year 1912.

Resolved by the City Council of the City of Berlin, as follows :

That a sum not exceeding twenty thousand dollars (\$20,000.00) be raised by loan or loans for the purpose of paying the current expenses of the various departments of said City, in anticipation of the taxes for the municipal year of 1912, to be paid from the taxes of said year, and that the City Treasurer be and he is hereby authorized to give the note or notes of said City for that amount at a rate of interest not to exceed five per cent.

Passed May 16, 1912.

Approved,

DANIEL J. DALEY, *Mayor*.

Attest,

P. J. SMYTH, *City Clerk*.

A RESOLUTION appropriating money to defray expense of the different departments of City Government for fiscal year ending January 31st, 1913.

In the year of our Lord one thousand nine hundred and twelve.

Resolved by the City Council of the City of Berlin, as follows :

That the sum of one hundred and forty-six thousand nine hundred three dollars and four cents (\$146,903.04) be raised by tax on polls and estates liable to be taxed in said City, to defray the expenses of the different departments of the City Government for the fiscal year ending January 31st, 1913.

A RESOLUTION relating to a Federal Post Office Building in said City.

WHEREAS the Federal Authorities have determined upon a location in said City for a Post Office Building, and the construction and equipment for such building is necessary at the earliest possible time for the public accommodation.

Now therefore be it

Resolved by the City Council of the City of Berlin, as follows:

In the regular session assembled, that our Honorable Senators and Representatives in the United States Congress be respectfully requested and urged to use their best efforts to secure, during the current session, an adequate appropriation for the construction and equipment of a suitable Federal Post Office Building in this City on the lot selected for that purpose.

Be it further RESOLVED that the City Clerk forward to said Senators and Representatives, each a certified copy of this Resolution.

GERTRUDE WEYMOUTH, *Assistant Librarian*.

Report of Library Trustees.

BERLIN, N. H., February 1, 1913.

To His Honor the Mayor and City Council of the City of Berlin :

Gentlemen:—Again the Trustees of the Free Public Library of the City of Berlin have the honor to submit their annual report, containing a statement of the Treasurer and the report of the Librarian showing accessions and circulations for the 20th year of the Library.

The Board was organized at the beginning of the year with Annie C. Hamlin as Chairman, J. J. Feeney as Treasurer and E. A. Steady as Secretary.

We are still fortunate in having the faithful, efficient help of Miss Adria A. Hutchinson as Librarian and Miss Gertrude Weymouth as Assistant Librarian, whose attention and courtesy have won for them the hearty esteem of all patrons of the Library.

The suggestion offered by the Board of last year, that a skylight be placed over the central dome, has been acted upon and has resulted in a much more comfortable room at a saving of fuel. We have changed the old carbon lights for the Tungsten burners, giving us greatly increased light at a decreased expense.

We have also added a library truck, which has proved a great convenience both to the librarian and the patrons, as the books as they are brought in being placed upon this are easily accessible and can remain thereon until the librarian has leisure to place upon the allotted shelves.

Owing to the expense of the skylight your board found it impossible to issue a catalogue this year, but strongly recommend that the coming board shall do this, as we believe it will greatly advance the usefulness of the library.

We wish to express our hearty appreciation for the increased appropriation which has made possible so many improvements during this year and we trust will enable our successors to supply future needs as they occur.

Respectfully submitted,

ANNIE C. HAMLIN,
J. JAMES FEENEY,
EDW. A. STEADY.

LIBRARIAN'S REPORT.

BERLIN, N. H., JANUARY 31, 1913.

To the Board of Trustees of the Free Public Library :

The twentieth annual report of the Free Public Library is herewith submitted by the librarian. In the statistics appended to this report may be found a detailed account of the work for 1912.

The interior of the library has been much improved in appearance and comfortableness by the placing of the skylight in the central dome. We trust that the patrons will also find the library more habitable in the summer months. Another improvement which has been appreciated both by the public and the librarian is the book-truck which you recently purchased from the Library Bureau. By means of this, the work of bringing books to the especial attention of the patrons has been greatly facilitated.

In presenting this year's report, we can tell of nothing new attempted along library-extension lines for the increasing routine work of ordering, cataloging, repairing damaged books, and the legitimate demands of the reference room have consumed all of the time.

During the year, there have been issued from the main desk for home and school use 16,132 volumes. In addition to this 8,577 volumes were loaned from the juvenile department, making the total circulation 24,709.

The accession records still show a steady growth. 310 books have been added this year—21 by gift and 289 by purchase. The total number of volumes at the present time is 7,890. Of those purchased, the Scribner edition of Dickens, the Library of home economics, and the completion of the fifteen volumes of the Catholic encyclopedia were the most noteworthy. We would recommend that the work of replacing the standard authors in well bound and well printed volumes be further carried out this coming year. Also, the scientific and useful arts departments need especial attention.

The convenience of having a separate reading and reference room has proven very satisfactory. The attendance in the reading room has kept up to the usual standard, while the attendance in the reference room has been approximately 1,613. The majority of this number were High School pupils, for they depend almost entirely upon the library for their reference work. Aside from the work done

in this department in library-hours, bibliographies for about fifty different subjects were compiled this year.

That the children have appreciated their new room has been shown by the enthusiastic numbers which gathered there every afternoon and for the hour in the evening. Not only did they come to withdraw books, but often the seating capacity was taxed to the utmost by the eager youngsters who came to play the games and to read the magazines and picture-books which are always on the tables. To supply the demand for "picture-books" Miss Weymouth made several cloth books, using the pictures from the discarded magazines. As these can neither be damaged by fingermarks nor torn, they are a great convenience.

To make this department more useful, however, more books should be added at once. The resources of the shelves are greatly limited as each year numberless books have worn out and been discarded without replacement. Nearly all the bound volumes of children's magazines which the library once owned have been literally read to pieces until now there is not one volume on the shelves. Surely, a larger share of the money appropriated for purchasing books could not be expended with any greater returns than in satisfying the children's desire for good, wholesome, well written stories and in supplying their eager demand for "books that tell you how to do things."

Grateful acknowledgement is made to those who have shown their interest in the library either by their patronage by gifts. Also, the librarian wishes to extend thanks to the Trustees for their unflinching interest in the work of the past year.

Edmond Ayling.....	1 story house, Sullivan Street
Henry St. Laurent.....	1 story house, Cole Street

Benj. Lessard.....1 story house, Granite Street
 Lazare Gilbert.....1 story house, Gilbert Street

The total cost of wooden buildings erected on permits aforesaid was \$59,200.00.

REPAIRS.

In addition to the above, permits for additions and repairs were granted as follows:—

Baptiste Marois.....York Street
 Henry St. Laurent.....Mechanic Street
 Henry Montminy.....Mechanic Street
 Joseph Quintal.....Goebel Street
 Jerry Montminy.....Burgess Street
 Frank Montminy.....Burgess Street
 J. F. Bell.....Cole Street
 Alphonse Lafrance.....Mechanic Street
 Joseph Dube.....First Avenue
 P. T. Beaudoin.....Main Street
 Alphonse Chamberland.....First Avenue
 Hugh K. Moore.....Prospect Street
 John Sheridan.....Mason Street

The total amount expended for additions and repairs was \$9,125.00.

GRAND TOTAL of \$90,655.00.

At the close of business last year, I recommended that owing to the changed conditions and rapid growth of our City that a new Building Ordinance should be enacted, pointing out at that time that the present Ordinance was entirely inadequate, and I trust your Committee on Engrossed Ordinances will comply with my request before the term of the present City Government expires, and I wish to thank the members of the City Government for the aid they have given me and the many courtesies extended to me during the year.

ALFRED LAUZIÈRE, *Building Inspector.*

Report of Street Commissioner.

To His Honor the Mayor and the City Council :

GENTLEMEN :—I respectfully submit herewith my report as Street Commissioner for the year ending January 31, 1913.

New Streets.

The only work done which would come under this head was the rebuilding of the Cate's Hill Road from Hillside Avenue extension to the Thibeau Farm. This road was regraded and straightened and placed in good repair at an expenditure of \$767.24.

Street Maintenance.

The following amounts were spent on the streets as indicated :

Pleasant Street, macadam.....	\$ 2,081 00
Green Street, macadam.....	352 00
Exchange Street, macadam.....	312 00
Hillside Avenue, gravel surfacing.....	120 00
Jericho Road, gravel surfacing..	140 00

Report of Sewer Commissioner.

To His Honor, the Mayor, and the City Council of the City of Berlin :

Gentlemen:—I herewith submit my report as Sewer Commissioner for the year ending January 31, 1913.

Considerable maintenance work was done during the year, and several places which had bothered considerably were taken care of. The principal work done was as follows :

Berlin Mills storm sewer.....	\$ 1,286 22
Seventh Street sewer relayed.....	73 75
Hillside Avenue storm sewer extended from Church Street to Prospect Street and up Prospect to Spruce Street.....	506 60
Third Avenue sewer extension.....	175 00
Grafton and Rockingham streets.....	1,059 00
Pine Street.....	75 00
Union Street sewer.....	200 00
Spruce Street sewer and extension.....	75 00
Sewers across Grand Trunk R. R.....	550 00

I would recommend that some steps be taken to regulate the building of houses on streets not sewered as the additional expense of building a sewer to accommodate one house two or three hundred feet away is not warranted by the amount of taxes the one house pays into the City.

In closing I wish to extend my thanks to the Mayor and City Council for the support which they have so freely given me.

Inventory Sewer Department.

Report of City Engineer.

To His Honor the Mayor and the City Council :

Gentlemen:—I beg herewith to submit a report of the City Engineer's Department for the year ending January 31, 1913.

By reason of the large amount of work done in the Public Works departments this department was called upon to do considerably more than was anticipated, and for that reason the appropriation was overdrawn to quite an extent. I feel, however, that the work done the past season was well worth the amount expended.

A City Datum was established, the bench mark being the United States Geological Survey bench mark on the International Paper Company office building on Glen Avenue, at an elevation of 993.586 feet above mean sea level. Very few benches have been set, however, and I would recommend that this work be done in the spring before the pressure of other duties becomes too strenuous.

Considerable time was spent by this department in planning and supervising the work on the Mason Street bridges, and I feel that the City has in these structures something well worth the investment. They should last indefinitely and if kept properly cleaned and painted I can see no reason why they should require replacing for a great many years. They are designed to carry loads far in excess of anything we can anticipate at the present time. It will be necessary the coming year to change the grade and line of the sidewalks on Mason Street and the street should be paved at the same time.

To this department was delegated the duty of putting the sidewalks in the City in condition to pass the inspection of the post office authorities in regard to Free Delivery of Mail, and I am glad to report that the present outlook signifies that the work was not in vain.

There was, the past summer, considerable fault found by property owners when it became necessary to establish a grade for a sidewalk in front of their property, when this grade did not conform to the grade at which they had built their lawns. I do not consider this the fault of the property owners nor the fault of the present administration, but I do feel that the City should establish grades upon all streets before they are built upon.

A system of records has been started whereby the City and the

Electric Light and Telephone Companies will have an accurate record of each pole location, and the matter of pole permits can be more efficiently handled by this department in conjunction with the City Council.

I have also started a record for this department in which deeds and descriptions of property and rights of way taken by the City can be systematically kept.

Lines and Grades for Curbing.

Hillside Avenue from Willard Street Northerly.....	104.0 feet
Hillside Avenue from High Street to Prospect Street.....	519.0 feet
Madigan Street from Third Avenue to Fourth Avenue.....	254.0 feet
Second Avenue from Madigan Street to Mannering Street...	311.0 feet
Mannering Street from Second Avenue to Third Avenue.....	331.0 feet

Grand Trunk Railway.....Sewer Rt. of Way

Berlin Mills Co., Mill Yard.....Sewer Rt. of Way

I would recommend that a date be set when all petitions must be in, and that the date be at such a time that this department would have sufficient opportunity to make plans and estimates of the work to be done, and the Public Works Departments would be enabled to efficiently lay out their work, thereby saving much time and expense in moving about town.

In closing I wish to extend my thanks to your Honorable Body for the kind attentions you have shown me during my term of office, and the help you have given me in my work.

Respectfully submitted,

L. J. WERTHEIM, *City Engineer.*

Report of Police Commission.

To his Excellency, the Governor, of the State of New Hampshire, and to His Honor, the Mayor, and the Council of the City of Berlin :

In accordance with Chapter 160 of the Session Laws of 1905, we submit our annual report for the year ending December 31, 1912.

The most important change in the Police Department, during the year, was the resignation of Arthur Ouilette as Assistant Marshal, and the appointment of Malcolm Shorey to fill the vacancy.

It has been a very active year for this department as the number of arrests, stated below, will show. The principal cause for this, no doubt, being on account of the city having voted license and the number of saloons.

Heretofore there has been a large number of "specials" employed besides the regular patrolmen, but this year very little work has been done by "specials." Ten men, therefore, including two marshals have made practically all of the 1,619 arrests. As a comparison of the work done the following is a summary of the work done in the past six years :

1912. No. of arrests, 1,619. No. of officers, including marshals, 10.

1911. No. of arrests, 1,121. No. of officers, including marshals, 9.

1910. No. of arrests, 809. No. of officers including marshals, 8.

1909. No. of arrests, 628. No. of officers, including marshals, 7.

1908. No. of arrests, 714. No. of officers, including marshals, 7.

1907. No. of arrests, 490. No. of officers, including marshals, 8.

The police telephone boxes, that were placed last year, were found to be a great help toward the efficiency of the police force, but these boxes were not strong enough to withstand the weather, so we have installed iron boxes, made expressly for that purpose, each box has a telephone and each telephone is connected with an independent switchboard in the Police Station. The telephone company puts in and maintains this equipment at an annual expense of \$147.00.

We are of the opinion that the City of Berlin is sadly in need of a patrol wagon. It is a disgrace to see a man who has been arrested for indulging too freely in "fire water" and who refuses to walk, to be dragged through the streets to the police station. A patrol wagon would make the work very much easier for the officer, and at the same time very much easier for the prisoner. And we therefore recom-

mend that the City of Berlin purchase a suitable patrol wagon, and either the purchase of a horse or the making of some arrangement whereby a horse can be had, ready, at all times, to go to the call from the Police Station.

The inventory of the city property, in this department, is about the same as it was last year. Some new articles have been bought to replace articles that have been lost or destroyed.

The following is a list of the officers and their standing at this time:

George B. Day,	City Marshal.
Malcolm Shorey,	Assistant City Marshal.
Theodore Arneson,	Patrolman No. 1.
Felix Shorey,	Patrolman No. 2.
James Boudreau,	Patrolman No. 3.
John P. Noellet,	Patrolman No. 4.
Burton O. Sunbury,	Patrolman No. 5.
John Johnson,	Patrolman No. 6.
Octave Dutil,	Patrolman No. 7.
Frank Lachance,	Patrolman No. 8.

Constables.

John B. Noyes.	George B. Day.

Fire Department.

BERLIN, N. H., January 31, 1913.

To His Honor the Mayor and the City Council of the City of Berlin :

In accordance with the requirements of the City Ordinance I herewith submit for your consideration the report of the Fire Department for the year ending January 31, 1913.

The department have responded to 101 alarms, 57 still and 44 bell. This report contains statements in detail embracing the number of fires and alarms which have occurred during the year 1912, and cause thereof as nearly as could be ascertained, with names of owners and occupants, the value, loss, insurance and insurance recovered in each case. Alarms have been numerous with but few disastrous fires, discovery being early, allowing the department more advantage in extinguishing them with small losses. One new piece of apparatus has been added, consisting of a combination hose and chemical wagon. In conclusion I wish to extend my thanks to officials of the City for their cooperation during the past year.

Alarms.

Box 34, February 10, 3:30 P. M.; chimney fire in tenement house on Western Avenue, owned by L. Barbin and occupied by Gordon Thompson; extinguished without loss by chemical company.

Still alarm, February 25, 12:45 P. M.; chimney fire in tenement house owned by A. N. Gilbert, occupant unknown; no loss.

Still alarm, March 1, 3:45 P. M.; fire in tenement house owned by Frank Bernier; fire caused by thawing pipes; extinguished with small loss with pony chemical; no insurance given.

Still alarm, March 2, 10:40 P. M.; chimney fire in residence of Waldo Babson; no apparatus used.

Box 42, March 12, 3:00 P. M.; fire in tenement house owned by M. N. McClintock; caused by over-heated stovepipe; extinguished by chemical company with one tank pony chemical; value of building \$4,000 loss \$416.00, insurance \$3,000.00, insurance paid \$416.00.

Box 25, March 14, 5:40 A. M.; fire in brick block owned by N. Morin, occupied by A. Rozek as clothing store, W. G. Dupont as drug store, Dr. G. A. St. Germain as dental parlor and K. of C. as lodge

room; value of building \$18,000, loss \$1,117.60, insurance \$15,000, insurance paid \$1,117.60; contents, A. Rozek, loss \$288.67, insurance paid \$288.67, G. A. St. Germain, loss \$83.50, insurance paid \$83.50, W. G. Dupont, loss \$49.56, insurance paid \$49.56, K. of C., loss \$130.00, insurance paid \$130.00.

No alarm, March 23; fire in house of G. Bickford; value \$2,000, loss \$53.40, insurance \$1,800, insurance paid \$53.40.

Box 13, March 23, 6:00 P. M.; chimney fire in residence of H. Hazzard; extinguished without loss by chemical company.

Still alarm, March 28, 9:00 A. M.; fire in house owned by Richard Wentworth and occupied by Walter Haines; caused by chimney; no loss.

Still alarm, May 28, 12:50 P. M.; chimney fire in tenement house owned by L. Barbin and occupied by J. J. Johnson; extinguished with pony chemical without loss.

Box 231, April 3, 4:20 P. M.; fire in Riverside Paper Mill owned and occupied by the Berlin Mills Co.; caused by hot box; 850 feet of hose laid; recall 5:30 P. M.

Box 15, April 7, 1:35 P. M.; fire in two and one-half story tenement house owned by Fred Cloutier and occupied by Peter Cadoret; caused by sparks from chimney; 1,050 feet of hose laid; value of building \$3,000, loss \$487.25, insurance \$2,500, insurance paid \$487.25, value of contents \$400, loss \$7.00, insurance \$300, insurance paid \$7.00; recall 2:20 P. M.

Box 55, April 9, 1:10 A. M.; fire in hack office of E. A. Hinchey; extinguished with slight loss with one tank chemical; 150 feet of hose wet; recall at 1:30 A. M.; caused by smoking.

Box 32, April 9, 2:00 P. M.; fire in block owned by Tom Pickford; extinguished with one tank chemical; recall 2:20 A. M.; value of building \$10,000, loss \$50.00, insurance \$9,000, insurance paid \$50.00.

Still alarm, April 25, 8:30 P. M.; chimney fire in residence of Clarence Bartlett; no loss.

Still alarm, May 1, 3:00 P. M.; fire in lunch cart owned and occupied by P. Demars; caused by overheated kerosene heater; one tank chemical used; value of building \$200, loss \$25.00, insurance \$125.00, insurance paid \$25.00.

Box 53, May 4, 6:45 A. M.; fire in pulp mill owned and occupied by Burgess Sulphite Fibre Co.; 350 feet of city hose wet; mill crew rendered valuable assistance; recall 7:30 A. M.

Still alarm, May 11, 4 P. M.; chimney fire in tenement house occu-

pied by Tom Pickford; extinguished without loss with one pony chemical.

Still alarm, May 13, 8:45 A. M.; chimney fire in tenement house owned by S. Larochelle and occupied by A. Bilodeau; extinguished without loss with one tank chemical.

Box 54, May 16, 11:00 P. M. Fire in wooden building owned by the Berlin Foundry & Machine Co.; caused by over-heated core furnace; small loss; value of building \$3,000, loss \$25.00, insurance \$1,700, insurance paid \$25.00; recall 11:20 P. M.

Still alarm, May 20, 5:20 P. M.; chemical company called to investigate hot chimney in Commercial House (hotel); no occasion for alarm.

Box 17, May 27, 4:05 P. M.; false alarm. This box is an Auxiliary Box, being located on third balcony of St. Louis Hospital and operated by pressing a button, one of the buttons being located on pole opposite driveway to Hospital and probably pressed by school children.

Still alarm, May 30, 12:45 P. M.; chimney fire in tenement house owned by Mrs. Hodgdon and occupied by H. E. Miles; extinguished with one pony chemical without loss.

Still alarm, June 5, 8:30 A. M.; chimney fire in tenement house owned by Minnie Connor and occupied by Nap. McGrady; one pony chemical used; no loss.

Still alarm, June 5, 12:45 p. m.; chimney fire in tenement house owned by A. Ouilette and occupied by S. Nadeau; one pony chemical used; no loss.

Box 221, June 17, 11:15 P. M.; fire in storehouse owned and occupied by the Berlin Mills Co.; caused by dynamite exploding.

Still alarm June 24, 8:35 P. M.; fire in Berlin Steam Laundry, owned by M. E. Young; small loss to exterior of building; fire caused by hot chimney which is built on outside; one tank chemical used; no insurance given.

Still alarm, June 25, 12:30 P. M.; chimney fire in tenement house owned by Fred Barber and occupied by Ed. Lambert. Extinguished without loss with two pony chemicals.

Box 25, July 6, 11 P. M.; two alarm fire in stable owned by Stewart & Snodgrass and occupied by them and A. W. Walters as livery and hack stable; adjoining property owners also suffered small losses, Georgiana Rousseau, Elgia Rousseau, Geo. Gonya and the Cole School Buildings; Stewart & Snodgrass, value \$7,000, loss \$5,500, insurance \$5,500, insurance received \$5,500, Georgiana Rousseau, value \$2,500, loss \$69.50, insurance \$2,000, insurance received \$69.50, Cole School,

value \$7,000, loss \$777.70, insurance \$6,000, insurance paid \$777.70, contents, Stewart & Snodgrass, value \$2,000, loss \$798.00, insurance \$1,600, insurance paid \$798.00, A. W. Walters, loss \$1,100, insurance \$1,100, insurance paid \$1,100, Geo. Gonya, value \$150, loss \$34.75, insurance \$100, insurance paid \$34.75; 5,600 feet of hose wet; recall at 4:30 a. m. next day; detail left to watch; cause unknown.

Box 44, July 13, 12:55 P. M.; fire in tenement owned by A. Abramson and occupied by J. LaTasca. Extinguished with slight loss with one tank, one pony chemical; value of building \$2,500, loss \$17.84, insurance \$2,000.00, insurance paid \$17.84.

Box 32, July 15, 7:00 A. M.; fire in International Paper Co. mill; caused by hot box; no insurance given.

Box 34; July 15: 6:55 P. M.; fire in residence owned by Frank Bernier; caused by children playing with matches; 850 feet of hose wet; one tank chemical; value of building \$2,500, loss \$512.16, insurance \$1,800, insurance paid \$512.16, contents, value \$600, loss \$208.00, insurance \$500.00, insurance paid \$208.00.

Still alarm, July 16, 3:00 P. M.; chimney fire in tenement house owned by Mrs. Beatie at Berlin Mills; no loss.

Still alarm, July 21, 2:30 P. M.; fire in house owned by Mrs. Beatie and occupied by F. Pilgrim and others; fire caused by over-heated chimney; extinguished with chemical with small loss; value of building \$2,000, loss \$50.00, insurance \$1,200, insurance paid \$50.00.

Box 25, July 24, 12:30 A. M.; fire in blacksmith shop on Mason Street owned by International Paper Co. and occupied by A. J. Dunn; caused by spontaneous combustion; no insurance given on building, contents, A. J. Dunn, value \$500, loss \$98.00, insurance \$400.00, insurance paid \$98.00.

Still alarm, July 21, 1:30 P. M.; smoke was discovered coming from basement of clothing store of H. Wertheim; on investigating motor was found to be burning out; no loss.

Box 55, July 29, 9:10 P. M.; box pulled for fire in garage occupied by Fred Lauziere on Pleasant Street; caused by gasoline igniting when filling automobile owned by Chas. Morin; machine was pulled out and fire was extinguished with small loss to machine; no loss on building.

Box 13, July 30, 5:40 P. M.; fire in engine house of Berlin Mills Co.; caused by sparks of engine; practically no loss.

Box 15, August 22, 8:09 P. M.; needless alarm caused by upsetting lamp in tenement house corner Second and Main Streets.

Box 3,2 August 23; Box pulled for upsetting lamp in McHugh block. No loss.

Box 32, August 25, 7:20 P. M.; box pulled for exploding lamp in McHugh block occupied by Polanders; no loss.

Box 26, September 16, 3:00 A. M.; fire in stable owned and occupied by P. R. Legendre; total loss; value of building \$500, loss total, insurance none, insurance paid none, value of contents \$300, loss total, insurance none, insurance paid none.

Still alarm, October 5; brush fire.

Still alarm, October 11, 6:10 P. M.; chimney fire in house owned by Mrs. Frank Lord, occupied by Alec Goodwin; no loss.

Still alarm, October 21, 3:30 P. M., rubbish fire on Hillside Avenue; detail (three) men sent from Central Station with 550 feet hose; labor two hours. Recall for preceding fire; same detail with 600 feet hose; four hours labor.

Box 32, October 22, 8:15 P. M.; fire in wooden building owned by Chas. Jolbert and occupied by W. J. Pepin as grocery store and upstairs as tenement occupied by F. Lauziere; owing to nature of fire rendered it extremely difficult to handle; 850 feet of hose wet; one tank chemical used; recall 10:00 P. M.; detail from Hose 1 on duty part of night; value of building \$2,500, loss \$801.90, insurance \$2,000, insurance paid \$801.90, contents, W. J. Pepin, value \$1,500, loss \$861.50, insurance \$1,000.00, insurance paid \$861.50.

Still alarm, October 23, 10:30 A. M.; continuation of rubbish fire of October 22; detail of two men from Central Station; 600 feet hose; labor one and one-half hours.

Still alarm, October 23, 12:15 P. M.; chimney fire in house owned by C. R. Davis; no loss.

Still alarm, October 30, 10:00 P. M.; chimney fire in house owned by Peter Lyman; no loss.

Box 42, October 31, 3:45 A. M.; fire in stable owned by T. H. Samson; some loss to building; among the contents four horses were burned to death owing to headway fire had made before the apparatus arrived; value of building \$600, loss \$490, insurance \$500, insurance paid \$490, value of contents \$550, part loss, insurance none, insurance paid none.

Box 24, November 6, 10:40 A. M.; false alarm.

Still alarm, followed by Box 51, November 7, 12:15 A. M.; for fire in engine house owned by George W. Blanchard & Son; caused by sparks from B. & M. engine; small loss; 1,100 feet hose wet.

Still alarm, November 9, 6:45 P. M.; chimney fire at St. Louis Hospital; one tank chemical used; no loss.

Still alarm, November 13, 5:30 P. M.; chimney fire at St. Louis

Hospital ; one hand chemical used ; no loss.

Still alarm, November 14, 1:30 P. M. ; chimney fire at Mark King's ; no loss.

False alarm, November 17, 2:00 P. M. ; Box 26 pulled by children.

Still alarm, November 20, 12:40 P. M. ; chimney fire at Mrs. C. E. James' ; one hand chemical used ; no loss.

Still alarm, November 22, 6:30 P. M. ; chimney fire at residence of John Sheridan ; one hand chemical used ; no loss.

Still alarm, November 26, 11:30 A. M. ; chimney fire at James Feeney's ; one hand chemical used ; no loss.

Box 34, November 27, 5:30 P. M. ; chimney fire at A. Abramson's ; no loss.

Still alarm, November 27, 8:20 P. M. ; needless call to Pickford block.

Still alarm, November 28, 4:20 P. M. ; chimney fire at A. Abramson's ; no loss.

Still alarm, November 30, 5:30 P. M. ; chimney fire at John Sheridan's ; no loss.

Still alarm, December 1, 11:30 A. M. ; chimney fire in tenement house owned by A. Stahl : two hand chemicals used ; no loss.

Still alarm, December 3, 5:30 P. M. ; chimney fire at A. Abramson's ; one hand chemical used ; no loss.

Still alarm, December 6, 4:30 P. M. ; chimney fire at L. Dumont's ; no loss.

Still alarm, December 7, 3:30 P. M. ; chimney fire at Joe King's ; no loss.

Still alarm, December 13, 4:30 P. M. ; chimney fire at Mr. Levine's on East Side ; no loss.

Still alarm, December 13, 5:30 P. M. ; chimney fire at residence of Mrs. A. H. Eastman ; no loss.

Box 221, December 18, 8:10 P. M. ; fire in blacksmith shop of Berlin Mills Co. ; Hose No. 3 laid 150 feet hose ; no hose wet ; one hand chemical used ; practically no loss.

Still alarm, December 19, 9:00 P. M. ; chimney fire at Mrs. Green's ; no loss.

Box 45, December 21, 6:50 A. M. ; fire in residence of David Walsh ; fire caused by piling soft wood edgings on top of furnace ; value of building \$5,000, loss \$391.80, insurance \$4,000, insurance paid \$391.80.

Box 13, December 21, 5:00 P. M. ; chimney fire in tenement house

owned by Dan Sevegny; no loss.

Box 231, December 23, 8:05 A. M.; fire in Boston & Maine engine house; fire extinguished by employees before apparatus arrived.

Still alarm, December 25, 9:00 P. M.; chimney fire in house owned by C. Brooks; no loss.

Still alarm, December 26, 11:30 A. M.; call to Cascades, Gorham, N. H.; detail accompanied by chief and two men with combination; labor three hours.

False alarm, Box 44, December 31; pulled by small boy.

Still alarm, January 3, 1913, 9:05 P. M.; chimney fire in tenement house owned by F. Lauziere; no loss.

Box 25, January 5, 5:15 P. M.; chimney fire in house owned by Chas. Lessard; no loss.

Still alarm, January 6, 3:45 P. M.; chimney fire in residence of Tom Peltier; no loss.

Still alarm, January 6, 4:15 P. M.; chimney fire in residence of F. Demars; no loss.

Still alarm, January 6, 4:32 P. M.; chimney fire in house owned by A. Ouilette; no loss.

Box 44, January 6, 5:30 P. M.; chimney fire at John Moffett's; no loss.

Box 32, January 6, 6:00 P. M.; chimney fire at Berlin House; no loss; two hand chemicals used.

Box 42, January 6, 7:40 P. M.; chimney fire at residence of J. Bredeau; no loss.

Box 221, January 9, 8:45 P. M.; fire in machine shop occupied by Berlin Mills Co.; one hand chemical used; small loss.

Still alarm, January 10, 9:10 A. M.; chimney fire at McHugh block; no loss.

Still alarm, January 10, 5:30 P. M.; chimney fire at Mr. Levines'; no loss.

Still alarm, January 10, 6:10 P. M.; chimney fire at Mrs. Hannigan's boarding house; one hand chemical used; no loss.

Still alarm, January 11, 10:30 P. M.; call to Cascades, Gorham, N. H.; detail three men with combination; one tank chemical used; 600 feet hose wet; owing to quick arrival of apparatus considerable fire loss was averted; detail returned a little past 12:00.

Still alarm, January 12, 9:30 P. M.; chimney fire at P. J. Pickford's; no loss.

Still alarm, January 20, chimney fire in house owned by F. F. Bisbee; no loss.

Still alarm, January 20; chimney fire in house owned by P. Webber; no loss.

Box 44, January 23; false alarm.

Still alarm, January 25; needless alarm to Frank Cross'.

Box 16, January 25, 2:30 P. M.; barn owned by Frank Knowles; total loss; caused probably by children playing with matches; value of building \$300, loss total, insurance none, insurance paid none.

Box 55, January 27, 5:20 P. M.; chimney fire in house owned by Mr. Montminy; no loss.

Still alarm, January 27, 9:25 P. M.; chimney fire in house owned by International Paper Co.; no loss.

Still alarm, January 29, 7:45 A. M.; chimney fire in house owned by H. Rowell; no loss.

Box 44, April 26, 1912; fire in tenement owned by A. Abramson and occupied by J. Teliskis; caused by over-heated chimney; value of building \$2,500, loss \$25.00, insurance \$2,000, insurance paid \$25.00.

Still alarm, August 25, 1912, 1:30 P. M.; motor burning out in basement of H. Wertheim's clothing store; no loss.

Box 15, January 31, 1913, 1:55 P. M.; chimney fire in house owned by Woodward & Gerrish; no loss.

Respectfully submitted,

WILLIAM BEACH, *Chief Engineer.*

ANNUAL REPORT
OF THE
BOARD OF HEALTH
OF THE
CITY OF BERLIN, N. H.
FOR THE YEAR ENDING
JANUARY 31, 1913.

INCLUDING THIRD ANNUAL REPORT OF
HEALTH OFFICER AND MILK INSPECTOR.

A. LAVALLEE, M. D.....	Chairman
ROBERT B. WOLF.....	Secretary
HENRY A. SMITH.....	
JAS. H. HEALD.....	Health Officer and Milk Inspector

Sanitary Department.

REPORT OF BOARD OF HEALTH.

BERLIN, N. H., February 5, 1913.

To His Honor, the Mayor, and City Council of the City of Berlin:

The accompanying third annual report of the Health Officer we submit for your careful consideration.

We believe that this report shows very substantial progress in the work of the Health Department and that our Health Officer deserves credit for what he has accomplished.

His suggestion regarding the matter of more systematic recording of vital statistics we believe to be excellent and it is our intention to follow this up with an idea of furnishing information to the doctors which will enable them to materially benefit the health of the community.

We wish to thank you for having provided a contagious disease account into which we can more easily handle the unforeseen expenses of the department. We would recommend that this be continued during the coming year.

We are heartily in favor of the installation of some system for collecting garbage. Mr. Heald's report covers this very thoroughly so no further comment is necessary, except possibly to say that we find an almost unanimous sentiment in favor of the immediate installation of some system of this kind.

The pest house should be painted this summer in order to preserve it. The maintenance of this place in condition for immediate use is, of course, very important and we have no doubt that the recurrence of past smallpox epidemics has been prevented by the immediate removal of cases to the pest house.

We are very firmly of the opinion that an ordinance providing for the tubercular testing of cattle should be put through along the line recommended by the Health Officer.

We are pleased to report a small balance left of our original appropriation and we hope to be equally successful this year in keeping within the limit.

Our estimate of the operating expenses for this coming year is twenty-two hundred dollars which is, as you will note, the same as last year and we earnestly request that you appropriate this amount for our use.

Respectfully submitted by the Berlin Board of Health.

A. LAVALLEE, M. D., *Chairman.*

ROBERT B. WOLF, *Secretary.*

HENRY A. SMITH.

BERLIN, N. H., February 1, 1913.

To the Board of Health of the City of Berlin :

GENTLEMEN :—I herein respectfully submit the third annual report of the Health Officer and Milk Inspector.

I have received, investigated, and taken action upon 131 complaints of unsanitary conditions or nuisances during the year.

These complaints were received as follows:

	Feb. 1912	March	April	May	June	July	August	Sept.	October	Nov.	Dec.	Jan. 1913	Total
No. Rd.	11	17	5	31	30	8	9	4	6	5	3	2	131

CLASSIFIED LIST.

Dirty yards, premises, lots, etc.....	40
Improper washing of glasses in barrooms, etc.....	19
Improper washing of glasses in soda fountains.....	3
Sewers out of order.....	13
Not connected with public sewers.....	11
Throwing water, rubbish, etc. into streets.....	7
Food not properly covered in stores.....	8
Pigs on premises.....	4
Violation of Pure Food and Drug Laws.....	3
Plumbing out of order.....	2
Dirty cow barn.....	2
Dirty store.....	2
Dirty flush closets, urinals, etc. in public buildings.....	2
Unburied dead animals.....	2
Improper disposal of garbage.	2
Breaking quarantine.....	2
Open sink drains.....	2
Unsanitary dwelling house.....	1
Kerosene tank near meat refrigerator in store.....	1
Building not properly provided with fire-escapes.....	1
Foul odors from stable.....	1
Violation of order of Board of Health	1
Not wrapping bread.....	1
Dirty fish cart.....	1
Total.....	131

Brief Comments upon this list.

The subjects covered by this list compare closely with those of previous years. A notable feature is that the total number of complaints has been practically cut in half this year. Let us hope that improved sanitary conditions are the cause of the decrease.

Owing to the passage of an ordinance forbidden the keeping of pigs within the compact part of the city, as recommended in my last report, this nuisance has been practically done away with. I have yet to hear complaints of any hardship entailed by reason of their removal.

Following a visit from the Inspector of the State Board of Health, this summer, all the bar rooms and soda fountains in the city were ordered to wash all glasses in water direct from the tap. Running water in tanks was even forbidden. A recent inspection shows that this has resulted in the introduction of automatic spray washers in every case but one. It is also the unanimous opinion of proprietors that these washers are far ahead of the old methods for speed, convenience and sanitary results.

The work on covering foodstuffs in stores begun by the State Board of Health a year ago, has been continued with satisfactory results.

We have been successful in getting the City Council to build several short sewers to relieve certain unsanitary conditions that were not provided for by the regular sewer system. These include two pieces of sewers crossing the Grand Trunk tracks between the "Underpass" and the Hillside Avenue crossing, and running into Dead River. Two very offensive and unsightly places were thus rendered clean and sanitary. Another short piece of sewer was laid to connect two cottages on Pine Street with the main system, thus removing a nuisance from the back yard of the Marston School. A fifty foot extension was added to the new Grafton Street sewer to accommodate a large building which had been emptying its sewers into the public highway. Another section was laid on Union Street to clean up one of the worst nuisance in the heart of the city. Three other sections were ordered laid out by the Council, but for some reason work never was begun. We should make further effort in the spring to see that this work is completed at an early date.

Several much needed main sewers were laid by the Council and all houses within 100 feet connected therewith. It is with great satisfaction that I note an inclination on the part of the City Government to consider a recommendation in my last report that an ordinance be passed requiring permission to construct privies, cesspools, sink drains, etc., such permission to be granted only when a sanitary method for the disposal of the contents has been figured out. This would do away

with our present troubles, and would save the City considerable expense in laying costly sewers for the accomodation of one or two houses. At the present writing it looks as if we would obtain an ordinance to this effect within a short time.

We have been successful in obtaining the introduction of modern sanitary drinking fountains in our schools, both public and private. The common drinking cup with its dangers has been done away with. Another subject which should receive our attention is the old fashioned, unsanitary, and unhandy form of urinal and closet used in two of our public school buildings. A strong effort should be made to have modern sanitary urinals and closets installed.

City Cleaning Day.

Our third annual City Cleaning Day was held this year on May 3, and was the same unqualified success as in the past. The amount of refuse hauled away was even greater than in 1911, when the amount was estimated at 1100 barrels. My recommendation that the City assume the total expense and keep teams at work until the last barrel was hauled away was adopted. The total cost was about \$55. Certainly Berlin should never discontinue this day as no one thing could possibly do so much to beautify the city at such a ridiculously small expense.

Garbage Collection.

I have been engaged during the winter in perfecting a scheme for a municipal garbage collection and disposal system, and brought the matter to the attention of the Board of Trade early in the fall. It was my idea to get the Board's endorsement of such a system before going to the City Council for the necessary financial support. The latest most sanitary method of garbage disposal seems to be the incineration, or total destruction by fire method. This system costs a little more to start with, but the results obtained are far superior to any other known method of disposal, and is entirely free from the slightest objectionable feature.

The matter when brought to the attention of the Board of Trade several months ago, was referred to the Committee on Public Improvements. After careful consideration of the subject and a great deal of correspondence with the people interested in the subject of garbage disposal, this Committee reported to the Board on January 28, 1913 advocating that "the Board of Trade go on record as favoring the purchase of a suitable incinerator plant, a team for garbage collection, and the appointment of a committee to take this matter up with the City Council at once with the idea of securing an appropriation to carry out the work this spring."

This report was accepted and the recommendations adopted. The same committee, including the Health Officer as Chairman, was so appointed, and the matter is to be brought to the attention of the City Council at once.

Contagious Diseases.

There have been reported 204 cases of contagious diseases.

REPORT OF CONTAGIOUS DISEASES FROM FEB. 1, 1912 TO JAN. 31, 1913.

Disease	Feb. 1912	March	April	May	June	July	August	Sept.	October	Nov.	Dec.	Jan. 1913	Total	Deaths

DIPHTHERIA MORTALITY RECORD 1911 AND 1912.

Disease	1911			1912		
	T. Cases	Deaths	PerCent	T. Cases	Deaths	Per cent
Diphtheria	112	11	9.8	166	16	9.6
Memb. Croup	2	0	0.0	6	5	83.3
Total	114	11	9.6	172	21	12.2

DIPHTHERIA.

Since May 1911, Berlin has suffered severely from the presence of diphtheria. It has cost us the lives of 32 children, and all together several thousands of dollars. At the present time, conditions are such as to lead us to hope that the strength of the disease is broken. Every effort has been made to stamp it out with apparently no success. We have had to rest satisfied with keeping it under control.

Our greatest enemy has been those cases which, mild in character, have not necessitated the attention of a physician, and hence have not come to our notice. These cases running at large without proper fumigation have undoubtedly been the cause of spreading the disease.

The cause of death, as last year, has been neglect on the part of parents to call medical service until the poison of the disease had so thoroughly permeated the system that antitoxin was powerless to save.

In one or two instances, failure on the part of the physician to recognize the preliminary symptoms of the disease has been the cause of death. On the whole, I feel safe in saying that our physicians have been inclined to be overcareful rather than otherwise, and our thanks are due them for their faithful compliance with the state regulations relating to the reporting of contagious diseases.

We have distributed this year \$845.65 worth of antitoxin free of charge as against \$726.95 worth last year. It has cost us \$274.80 for fumigating chemicals. Assistance to quarantined families for groceries, provisions, wood, milk, etc. has amounted to \$286.50 as compared to \$274.68 last year.

SMALLPOX.

We have had but two cases of smallpox this year. The first one cost us \$292.08. Our second case was peculiar one and demonstrates the unfairness of our present state laws. The patient came from a lumber camp near Groveton, N. H., where he had been working for only three months. His home was in New Brunswick. He had been feeling sick for about a week before he left the camp and was in an advanced state of eruption. He deliberately passed through Groveton and came to Berlin to find out what was the matter with him. He was declared to have an advanced case of smallpox and was immediately removed to the detention hospital.

Our next act was to notify the Groveton authorities who claimed no responsibility for him. We next notified the State Board of Health, and were informed that the burden of expense must fall on our own shoulders. It seems to me a very unfair condition exists wherein a municipality must assume an expense of several hundred dollars every time a case of smallpox wanders into it. Here was a man without money, a total stranger; a man who never paid one dollar of taxes

here; who did not even work here, who, drawing what few dollars were due him, deliberately packed through one town where there were plenty of doctors, and saddled himself upon us, at a cost of \$225.46.

It seems to me only fitting that the county at large, or even the State, which has a large fund at its disposal for the prevention of epidemic diseases in the state, should bear the burden in such cases. If the party was a citizen and a regular tax payer we would of course expect to bear the expense, but under the conditions cited above, it appears to me to be manifestly unfair to the community affected.

VACCINATIONS.

There have been 414 children vaccinated this year at a total expense of \$273.10. Last year 444 children were vaccinated. I venture to claim that in no city or town in this state is the vaccination law any more strictly enforced.

PEST HOUSE.

The sum of \$160.74 was expended in piping running water to the pest house and the installation of a bath tub. This does away with the dangerous practice of obtaining water from a spring near the main road which is extensively used during the summer months.

The building itself should be painted this year without fail. It would undoubtedly have been done this last summer except for our having to keep it open to care for a case of smallpox.

VITAL STATISTICS.

This subject has never received the attention which its importance warrants in this City. Of course very complete records are kept in the City Clerk's office, but of what use are such records unless they are so analyzed and tabulated as will reveal the hidden information which they contain? It is important that the Health Department, the doctors, nurses, and the city at large should know just what forms of sickness are the most prevalent; just what forms cause the greatest percentage of deaths and should be guarded against; just why our babies die so as to put particular effort into remedying the cause. It is important to know whether conditions are growing better or worse, and many other things which may be revealed by an intelligent analysis of the records.

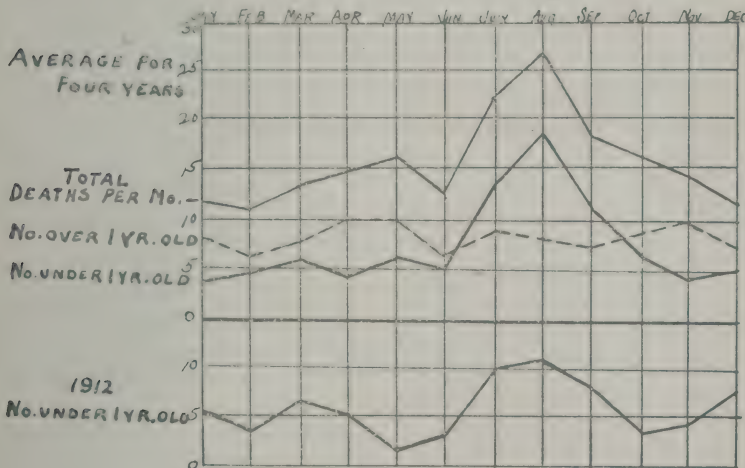

As a very crude beginning I have developed certain facts which I will try to present briefly to you, but before doing so I wish to recommend that provision be made for following out this work more carefully in the future.

The following table shows the number births, number of deaths, number of deaths under one year old, percentage of total deaths that die under one year old, and percentage of births that do not live to be over one year old for the years 1910-11-12.

SUBJECT.	1910	1911	1912
Number of Births.....	470	468	491
Number of deaths.....	207	204	204
Number of deaths under 1 year old.....	98	80	69
Per cent. of total deaths that occurred under 1 year old.	47.1	40.	33.8
Per cent. of total births that don't live to be 1 year old	20.8	17.1	14.

This table shows a steady decrease in the number of baby deaths for the past three years, while the births increase, and the total deaths remain practically constant.

The next diagram will show the average number of deaths per month for the four years preceding 1912, the number over one year old, and the number under one year old. Below that will be seen the number under one year old for 1912.

This demonstrates that while the deaths under one year old compose the smaller proportion of the total deaths during the cold months, they form the greater proportion during the summer months, owing to the increased amount of intestinal trouble among babies due to a poorer quality of milk in hot weather. If all babies could be breast

fed, this would not be true. 1912 shows a very much smaller increase during the summer months, due, we hope, to better conditions of the milk supply through cooling, iceing, and increased cleanliness. It also shows that the number of deaths among older people remains practically constant all the year round.

A further analysis of the infant deaths during 1911 and 1912 reveals the following:

Cause of death	1911	1912
Cholera infantum.....	22	3
Gastro-enteritis.....	3	6
Iteo-colitis.....	10	4
Marasmus.....	7	2
Bronchial pneumonia.....	10	9
Total..	52	24

This table shows a decrease of 86 per cent in the number of deaths from cholera infantum, 60 per cent from colitis, and seventy-one per cent from marasmus, over last year.

Taken as a whole, it would seem that our City is in better shape from a sanitary standpoint than it has ever been before, and that our efforts toward a better milk supply are resulting in a yearly saving of our babies.

MILK.

There have been 29 samples examined during the year. None of the samples were below standard.

Owing to the larger amount of time required to do the necessary fumigating of contagious disease, the number of samples analyzed this year has been very low. I have, however, kept close watch of the teams to see that the necessary amount of ice has been carried to insure the delivery of milk below 50 degrees Fahrenheit. I have also been able to keep close track of the farms and dairies, keeping them clean and sanitary.

The chart on the opposite page will show the increase in dairy scores since inspection was commenced three years ago.

Besides the dairy scores shown on the chart are those of producers in Maine and other parts of New Hampshire whose milk is delivered here by train. Considering the large amount of milk that is thus received, it is as necessary to inspect these dairies as the local ones. Although they may be in another state, county, or township, they are subject to the regulations of Berlin, if they sell their milk

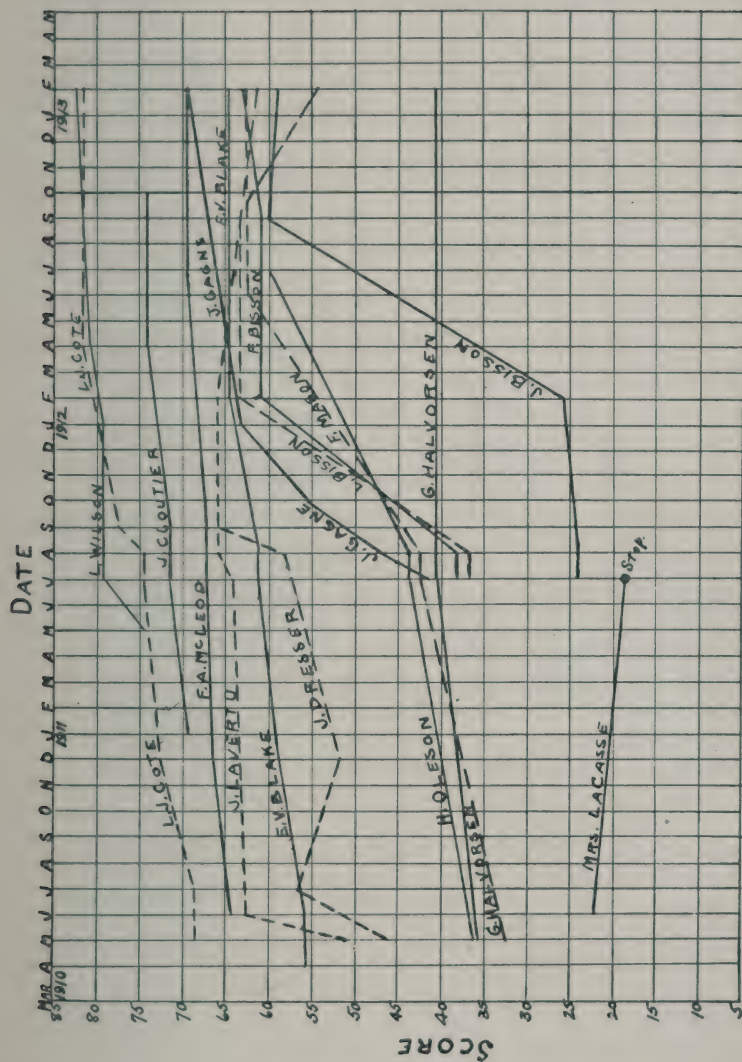

CHART SHOWING INCREASE IN DAIRY SCORES, 1910-1913

here. This gives us the right to inspect them, and such inspection should be carried out quarterly at least. The following are the scores of those already inspected.

Name	Address	Equipment	Methods	Total Score
C. G. Blake	Bethel, Me.	18.2	37.7	55.9
L. D. Brown	Bethel, Me.	19.0	36.8	55.8
Herman Mason	Bethel, Me.	15.9	38.2	54.1
B. Sanborn	Bethel, Me.	18.3	40.1	58.4
*G. H. Billings	Bryants Pond, Me.	7.6	21.9	29.5
G. E. Stevens	Bryants Pond, Me.	18.8	34.6	53.4
G. W. Perkam	Bryants Pond, Me.	26.9	38.5	65.4
F. H. Whitman	Bryants Pond, Me.	16.3	30.4	46.7
C. F. Farrington	Lockes Mills, Me.	27.9	47.4	75.3
F. L. Kidder & Co.	Cherry Mt., N. H.	20.1	37.6	57.7

*Milk refused.

There has been a recent effort on the part of one of our large dealers to purchase a considerable quantity of new milk from farms around the Wambeck Hotel in Jefferson, New Hampshire. I visited this proposed source of supply about a week ago, and it is my opinion that we should encourage the purchase of milk from this vicinity; and as fast as possible discontinue several of the dairies in Maine and one or two others in New Hampshire. The farms, barns, cows, milk houses, and homes of these people seem to indicate more advanced ideas of cleanliness and modern sanitation.

I have previously advocated building up a source of supply in and around Milan, but as there seems to be no move in this direction, it becomes necessary to look elsewhere, and this district certainly appears more satisfactory to me than some others from which we are now buying.

TUBERCULIN TESTING OF CATTLE.

I regret to say that there seems to be no State-wide movement toward the tuberculin testing of all cattle within the state, and I would propose an investigation to see what can be done along the line of a local regulation to that effect. We certainly should have such an ordinance.

Financial Statement.

CONTAGIOUS DISEASE ACCOUNT.				
	Monthly Expense	Total Expense	Credit Balance	Overdraft
Appropriation			\$1,000 00	
Bills for June.....	\$256 66	\$ 256 66	\$ 743 34	
Bills for July.....	166 95	423 61	576 39	
Bills for August.....	596 60	1,020 21		20 21
Bills for September.....	377 45	1,397 66		397 66
Bills for October.....	207 93	1,605 59		605 59
Bills for November.....	185 08	1,790 67		790 67
Bills for December.....	139 53	1,903 20		930 20
Bills for January.....	88 56	2,018 76		1,018 76

It was decided by the City Council to adopt our recommendation and create a separate contagious disease account rather than to continue charging such bills to the regular sanitary account. The sum of \$1,000 was appropriated, but was not available until the June pay roll.

This means that all contagious disease bills between February 1 and June 1, amounting to \$409.90, are charged to the regular sanitary account. This should be taken into consideration when figuring the running expenses of the Sanitary Department, and a corresponding deduction made. If this were done the sanitary account for 1912 would show an unexpended balance of \$454.40.

We have effected a considerable saving in the care of the City dump and several other items over last year.

In conclusion I wish to thank the Board for the hearty support they have accorded me during the year.

Respectfully submitted,

JAS. H. HEALD, *Health Officer and Milk Inspector.*

Assessors' Report.

BERLIN, N. H., February 1, 1913.

To His Honor the Mayor and the City Council of the City of Berlin :

The board of assessors of the City of Berlin respectfully submit the following report for the year ending January 31, 1913, as prescribed by law.

Description of Property Exclusive of Exemptions.

Number of polls, 3,654.....	\$ 365,400 00
Improved and unimproved land and buildings.....	4,006,879 00
Horses, 447.....	60,175 00
Mules, 1.....	75 00
Oxen, 8.....	400 00
Cows, 357.....	11,725 00
Other neat stock, 18.....	385 00
Hogs, 48.....	590 00
Fowls.....	100 00
Carriages and automobiles.....	62,625 00
Stock in banks.....	46,993 00
Money at interest.....	75,410 00
Stock in trade.....	1,265,837 00
Mills and machinery.....	2,068,525 00
Total.....	\$7,965,119 00
Amount of taxes committed to collector.....	\$ 151,337 97

Respectfully,

ELDEN E. PIERCE, }
JOSEPH LAMBERT, }
FRANK E. PAINE, }

Tax Assessors.

Department of City Poor.

BERLIN, N. H., February 1, 1913.

To His Honor, the Mayor, and the City Council of the City of Berlin :

Gentlemen:—I herewith submit my report as Overseer of City Poor for the year ending January 31, 1913.

Out of an appropriation of \$1,000.00, there has been expended \$872.65, leaving a balance of \$127.35 in hands of City Treasurer, as a credit to this account. There are no unusual conditions to report at this time. The list of poor chargeable to the City is small. Labor is well employed and assistance is rendered only where the income to the family has been removed. The most expensive case for the City to provide for the coming year, at the present time, is the Fred Moreau family. Mrs. Moreau's husband left her about a year ago and has not yet been located and she has a large family of children to provide for, which will necessitate a somewhat increased expense to the City. Similar cases are sure to occur and must be provided for. An appropriation should be made taking this into consideration. I would recommend, for the coming year, the sum of \$1,200.00, which I believe will be ample, if carefully expended.

I desire to thank all officials for assistance rendered me in the discharge of my duties the past year, particularly His Honor, the Mayor.

Respectfully,

A. B. FORBUSH, *Overseer of the Poor.*

Report of Police Court.

BERLIN, N. H., February 1, 1913.

To His Honor, the Mayor, and City Council of the City of Berlin:

Gentlemen:--Herewith I beg to submit a report of the Police Court of the City of Berlin for the year ending January 31, 1913.

Number of complaints entered 1,570, for the following offenses, viz.:

Assault.....	61
Allowing minors in pool room.....	3
Adultery.....	1
Breaking and entering.....	6
Bastardy.....	2
Common street walker.....	5
Carrying concealed weapons.....	1
Cruelty to animals.....	1
Drunkenness.....	1,225
Dealing in junk without license.....	7
Doing business as pawn broker without license.....	2
Discharging firearms on street.....	6
Employing minor.....	1
Fraud.....	3
Fugitive from justice.....	1
Firing torpedoes.....	6
Gambling.....	17
Interfering with lawful business.....	2
Issuing certificate of death, not being attending physician...	1
Keeping gambling resort.....	1
Keeping disorderly house.....	8
Keeping store open on Sunday.....	4
Larceny.....	22
Malicious injury to dog.....	1
Neglecting to send child to school.....	2
Noise and brawl.....	27
Non-support.....	7
Overdriving horse.....	2
Obstructing sidewalk.....	1
Obstructing officer.....	3

Peddling without license.....	1
Receiving stolen goods.....	1
Rude and indecent conduct.....	27
Running pool room without license.....	1
Running lottery.....	17
Refusal to give name to assessors.....	1
Rape.....	1
Selling cigarettes to minors.....	1
Selling tobacco to minors.....	6
Selling milk without license.....	10
Stubborn child.....	1
Surety of peace.....	10
Spitting on car floor.....	1
Using obscene language.....	31
Violation of motor vehicle laws.....	14
Violation of liquor laws.....	18

Total.....	1,570
Number of civil cases entered.....	102
Appealed to Superior Court.....	7
Committed to House of Correction.....	50
Committed to jail in default of bail.....	1
Held to answer to Superior Court.....	12
Sentenced to House of Correction.....	20
Sentenced to jail.....	1
Amount of fines and costs received by Justice.....	\$5,184.49
Amount deposited by Justice with city treasurer.....	\$5,184.49

Respectfully submitted,

GEORGE F. RICH, *Justice and Clerk.*

Cemetery Report.

To His Honor the Mayor and the Honorable Council :

We herewith submit the report of the receipts and expenditures of the Cemetery Association for the year 1912- 1913.

Report of City Solicitor.

BERLIN, N. H., February 10, 1913.

To His Honor the Mayor and the City Council of the City of Berlin :

Gentlemen:—I herewith submit my report for the year 1912-13.

The following suits against the City have been settled during the year. The suit of Emily C. Paine against the City for damages occasioned by the laying out of the Cates Hill road across her land was adjusted by a new laying out and a reduction of the damages, the suit of the City against Philip St. Laurent was settled by the overseer of the poor and that of Stahl against the City, being an appeal from the assessment of taxes, by the tax assessors. The suit of Zoel Pelleren was brought for damages claimed by a raise of the grade of Pleasant Street. This was referred by the Court to the County Commissioners who found that no change had been made since the purchase of the property by Mr. Pelleren and therefore there was no damage to him. The suit of Charles Clark is the only suit now on the docket unsettled. This is for land taken as he claims by the City for the purposes of a sidewalk and up to this time no satisfactory agreement has been made.

I desire to thank all of the city officials for the courtesy extended to me during the year.

The report of the City Marshal and the Judge of Police Court show a large year's business has been done in this department, and the only complaint I have to offer is the lack of adequate facilities in the city building for carrying on this large volume of business.

Respectfully submitted,

W. H. PAINE, *City Solicitor.*

TWENTY-EIGHTH ANNUAL REPORT
OF THE
BOARD OF EDUCATION
OF THE
CITY OF BERLIN, N. H.
FOR THE YEAR ENDING
JANUARY 31, 1913.

ORGANIZATION:

JOHN A. BURBANK.....	Term expires March, 1913
HENRY M. MOFFETT	Term expires March, 1914
ORTON B. BROWN.....	Term expires March, 1915

Report of Board of Education.

BERLIN, N. H., February 1, 1913.

To His Honor the Mayor and the City Council of the City of Berlin :

In submitting to you the 28th Annual Report of the Department of Education for the year 1912-13 we wish to call your attention to some of the most important matters for your consideration.

First: The Brown schoolhouse situated on Main Street in Ward 3. Your attention was called to this building in our last Annual Report and was examined by you last June. It was decided at that time it would be a waste of money to remodel the old building so no repairs were made except what was demanded by the Health Department. We trust the finance committee will recommend an appropriation for a new brick building.

Second: If the bill now before the legislature to locate a Normal School at Berlin is successful it will take care of the scholars on the West side of the Grand Trunk tracks. Our attention has been called to the demand of the East side of the river for better school privileges. The Cole School building which was damaged by fire last summer has been repaired outside and re-shingled. The inside repairs have not been completed in full only such parts as were required for immediate use have been put in order. The unexpended balance of the insurance is in the hands of the City Treasurer.

The High School is crowded to such an extent that it was necessary to use the Assembly Hall for a class room. Owing to the additions that have been made to the building, the boilers did not heat the hall, so there was a necessity of a larger one. This was installed during the Christmas vacation. Our expenditures have slightly exceeded our appropriations and credits; owing to the extreme weather of last winter we had to secure 25 tons of coal for the High School building last spring, and 50 tons extra for the building this winter. The increase of scholars this fall has increased the cost of transportation from the Cascades, as well as added to the expense for books and stationery.

Calendar for the Years 1913-14.

Winter term closes Friday, March 21, 1913.

Spring term opens Tuesday, March 31, 1913.

Spring term closes Friday, June 13, 1913.
 Fall term open Tuesday, September 2, 1913.
 Fall term closes Friday December 19, 1913.
 Winter term opens Monday, January 5, 1914.
 Winter term closes Friday, March 20, 1914.
 Spring term opens Monday, March 30, 1914.
 Spring term closes Friday, June 12, 1914.

Respectfully submitted,

JOHN A. BURBANK,	}	<i>Board of Education.</i>
HENRY M. MOFFETT,		
ORTON B. BROWN,		

Report of Superintendent.

To the Board of Education :

Gentlemen:—In presenting this the ninth annual report of this office I feel justified in making a somewhat radical departure from the usual custom of giving detailed statements of work done and plans contemplated, substituting instead a brief discussion of the needs of this department.

My reason for this change lies in the fact that most of the citizens of this city are reasonably well acquainted with the fact that the public schools are well organized, reasonably efficient, and, what is more to the point than all else, are graduating boys and girls from the High School who make good in office, shop, store or in the higher institutions of learning such as colleges, normal schools, etc.

I do not think that anyone competent to judge seriously questions the often heard remark that "Berlin's schools are equal to the best in this part of the United States" and the fact that from all over New England teachers, superintendents and Heads of State Educational Departments come to this somewhat remote location, to observe, commend and copy, affords sufficient grounds for assuming that our plan is rational.

Nine years of persistent, consistent effort have given us a working plan that stands the test that alone is capable of answering the question, "Are the schools efficient?" That test is actual results, and I confidently direct your attention and that of all Berlin citizens to the young men and young women who to-day right here in Berlin are filling responsible positions, giving satisfaction to their employers and getting as compensation better wages than the average college graduate got thirty years ago. It is an undoubted fact that for real efficiency in active industrial life the graduates of the Berlin schools are better equipped to-day than were the graduates of most of the Colleges of 1875 or many of the Colleges of 1912 and this chiefly because the pupils here are developed in close contact with and by means of their environment, thereby making their education a natural growth in harmony with the universal laws of all life.

Now while much has been accomplished, much remains to be achieved and it is to the future rather than the past that it will be best to devote some consideration.

What things are needful right now to make these schools more effective? This is the all-important question for us to ask and answer.

There are many factors that enter into and make up what is conveniently called the "school system" of any community:

(a) The school plant, its schoolhouses, equipment of books, maps, apparatus. The play-grounds, where healthful developmental games and plays give physical and intellectual growth. Gymnasiums where during the long winter some general exercises may be had.

(b) The motive power of the plant, that is, the human element consisting of Board of Education, Superintendent, Supervisors, Principals, teachers and janitors. These are the forces that plan, and execute all of the varied activities of the system.

(c) Then there is that subtle influence called public sentiment constituting the lasting foundation upon which the whole rests.

(d) Last and of course most important of all is the material upon which the school acts, the boys and girls.

No manufacturing enterprise anywhere deals with such valuable material, or with material so easily injured, or capable of such infinite improvement. There is absolutely no limit to the extent of modification conceivable if only a perfect plan, perfectly executed, under a condition of complete cooperation of all the forces involved, were possible.

What Can Berlin Do to Make More Efficient Her Public Schools?

This is the one sweeping question that includes all others. I shall make some suggestions under the preceding groupings, a, b, c, and d.

SCHOOLHOUSES.

First of all Berlin needs three new schoolhouses just as soon as they can reasonably be built. One in Ward Three, one in Ward One and one on the East Side of the River. No one I think questions this and it is to be hoped a substantial start will be made this year.

EQUIPMENT.

Equipment is by no means the chief factor in school system, but an equipment is important. Much money is annually wasted in this country in purchasing an over supply of books, maps, charts, apparatus etc., and while economy has been practised in Berlin there has been up to this year a reasonable equipment, but time works havoc in all things and our books will need adding to this year more than for any of the past seven years. There has been practically no needless destruction or loss of books in the grades since our new books were

bought after the destruction of the Marston Schoolhouse seven years ago and this is the more remarkable because of the fact that most of the books are subjected to constant use, being exchanged from school to school three times a year. In the High school here as elsewhere the deterioration of books is much greater although there is really no excuse for the fact.

It will be necessary to replace several over worn sets of grade books this year and it will require money to do this.

In the Mechanic Arts Course in the High school the unexpectedly large classes make necessary some additional equipment. There should be at least four more engine lathes in order that all of the pupils taking this course may get such practice as is educationally profitable to them. These lathes need not be as large or as expensive as those already there because the lighter jobs may be equally well done on a smaller machine, leaving the heavy work for the lathes now in use.

Provision should also be made for removing the smoke from the forge shop. The condition here has become almost unbearable since the addition of the New Wing on the High School Building.

The chemical and physical laboratories were originally equipped for much smaller classes than are now taught there and this lack should be supplied as soon as possible.

THE TEACHING FORCE.

First, last and all the time the real effectiveness of any school depends chiefly upon the teacher.

A school room is necessary and it ought to be modern, books are required and ought to be the best published, janitor service, supervision, medical inspection, all are factors of importance but each one may exist in perfection and yet if the teacher is a failure the scheme is a failure and may easily be worse than useless. Nor does teaching consist wholly nor even chiefly in perfect scholarship. Many a teacher lacking somewhat in scholarship has made up for that deficiency ten times tenfold by that inherent insight into the child nature which enables her to stimulate and draw out the pupils' very best efforts. On the other hand many teachers of great intellectual capacity and power fail utterly to secure that self-activity on the part of the pupil which alone can develop his *capacity* for accomplishment into *actual* accomplishment.

The limitation of any school system lies not in its equipment but in the personality, judgment and character of its teaching force.

In the grades Berlin has on the whole an efficient, experienced corps of teachers: teachers that are each year gaining in power, but each year the problem of filling vacancies becomes more difficult

owing to the rapidly increasing demand for trained teachers everywhere. If increased salaries would solve this problem I would recommend such a step but at present it is not a question of salaries but of supply and those communities that pay even the highest salaries are almost equally at a loss to know where to turn for successful teachers. I do believe however that the time has come when for service of six years or over we should so modify our salary schedule that increase beyond our present maximum might be granted by special action or for specific meritorious accomplishment.

PUBLIC SENTIMENT.

In discussing the topic, "public sentiment," I realize that it is dangerous ground to tread upon and yet I trust my suggestions may be of use.

As an abstract proposition public sentiment may be of three types, for, against and indifferent, and from the last form all public servants everywhere unite in a petition for deliverance. Any person in a position of responsibility respects and gives heed to criticism and is gratified and helped by moderate commendation, but, what servant of the public can have any respect for that considerable number whose indifference prevents them from having any real opinion to contribute for or against an important public agency.

Any good citizen must have an opinion on matters of public policy and if so it is his duty to express it.

If by any means a larger number of Berlin citizens can be aroused to a state of interest in school matters and made to contribute to the sum total of public sentiment concerning educational matters it will mark the beginning of a new educational growth and development.

The teachers in the public schools of Berlin, as elsewhere, would like and be helped by some commendation from those whose children are making good, wholesome progress, to sweeten the criticism that is apt to come from those who feel that their children are not getting on as they would like to have them, and it is honestly due to school teachers everywhere that their faithful efforts be thus recognized.

THE PUPILS.

The quality of the boys and girls that come to any school is an unmodifiable one. They come as they come and we are to take them as we find them and build accordingly.

It is a grave mistake for teachers to assume that any one type of pupil is perfect or that any one type is hopelessly lacking in qualities that make for good citizenship. The fact is that there are a variety of types of children all capable of profiting immensely from the advantages that may be offered in the public school but not all

responding to the same educative means.

It is no more a sign of superiority that one pupil excels in language than it is that another excels on the engine lathe; the pupil who translates Latin or French readily but falls flat in geometry is neither qualified or disqualified by either fact; the boy who forges a bar of steel into a tool capable of cutting wood or metal uses and develops precisely the same brain centers as the boy or girl who digs deep into cause and effect in history. There is no one scheme of education that is superior to all others, for all pupils, but on the contrary any educative agency that causes purposeful thinking and effective doing is superior to an agency that lacks in either or both of these factors. The pupil who welds steel successfully, or puts up canned fruits so that they will keep indefinitely does more and better thinking than the one who demonstrates a problem in geometry or writes an essay on William the Conqueror, but on the other hand freedom of verbal expression is better secured by reading the classics than by hammering iron or manipulating the typewriter. The day of attempting to have pupils come out of the schools all cut to one intellectual length and diameter has happily passed never to return but the day when all pupils are to be developed towards good citizenship by such means as will best reach each individual has just dawned.

COST OF MAINTENANCE.

This year as the appended table shows we have spent \$31,319.25, an increase of \$1,184.94, it will be seen however that the salary list this year is \$2,678.15 greater than last year. Now over half of this salary increase is due to the increased enrollment in the High school, in fact so far as the grades are concerned the cost has been less this year than last but an added enrollment of 43 in the High school means at least an increase of \$1,800 in that department alone.

The cost per pupil of the total enrollment has been as follows.

1912-13	\$25.19
1911-12	24.95
1910-11	26.47
1909-10	26.52

The cost per pupil in the High school for a series of years is approximately \$45.00 annually while the average per grade pupil is less than \$17.00.

When these figures are compared with like costs in other towns and cities it will be found that no school system anywhere gives such wide opportunities for anything like so low a cost.

HIGH SCHOOL GROWTH.

The Berlin High school has no doubt reached its maximum size

until such time as the re-organized St. Regis Parochial School shall send some of its boys and girls to our courses. Four hundred pupils in a Berlin High school would have been considered impossible even four years ago yet this year we have come within one of that number. I doubt if this enrollment will be permanently maintained but rather expect a drop to 380 next year from perfectly natural causes still we hope to remain very close to the 400 mark.

The assembly hall is in constant use for class purposes and the entire building is running at its maximum capacity.

HIGH SCHOOL ENROLLMENT.

1903	1904	1905	1906	1907	1908	1909	1910	1911	1912
59	86	114	138	164	175	228	282	359	399

ESTIMATED EXPENSES FOR NEXT YEAR.

The limit in economy of management has been reached and for the year 1913-'14 there will be needed at least \$33,000 in all which on the basis of the present miscellaneous items of income will require an appropriation of \$27,000 to \$28,000 by the City Council, for it must be remembered that the interiors of our recently built schoolhouses need tinting and varnishing this coming summer.

The Following Tabulation Gives a Bird's-Eye-View of Our Income and Expenditures.

Respectfully submitted,

G. H. WHITCHER, *Superintendent of Schools.*

Principal's Report

BERLIN, N. H., February 1, 1913.

To Supt. Geo. H. Whitcher:

Sir:—I hereby submit my seventh annual report. The total enrollment of pupils in the High School for the year 1912-1913 has been 399, 179 boys and 220 girls.

The enrollment in courses and classes is divided as follows:

		SENIORS	JUNIORS	SOPHOMORES	FRESHMEN	TOTAL
Latin	Boys	14	17	9	3	
	Girls	23	15	20	24	125
Commercial	Boys	1	6	7	18	
	Girls	15	20	24	50	141
Mechanic Arts	Boys	6	18	25	55	104
Domestic Arts	Girls	6	6	9	8	29
Total		65	82	94	158	399

The total enrollment exceeds that of last year by 43. For the first time since 1907 the Commercial Course becomes the leading curriculum in the school in point of numbers. The Mechanic Arts Course has 58 per cent of all the boys enrolled in the school.

The total enrollment given above includes all who have registered since September. Some of these however did not remain a week, others not more than a month. The number of pupils remaining in the school February 1, was 364. Boys 157. Girls 207. A loss of 35.

The principal causes for these losses are sickness (personal or in the family), change of residence, inability to meet the school requirements and the desire, perhaps the necessity, for earning money.

The large enrollment this year has compelled the use of rooms for study and seating not intended for that purpose and not suited or arranged for it. It has also necessitated too large classes in too many subjects, for the most efficient work. This was unavoidable even with more teachers, as had there been more teachers there were no extra recitation rooms.

The school year opened with twelve of the fourteen teachers in the High School new, and ten of the twelve without previous teaching experience. The year previous, nine of the thirteen teachers were

new and eight of the nine without previous teaching experience.

This change of teachers has added very materially to the difficulties of my position in keeping the school up to standard, both from the scholastic and disciplinary standpoint.

We have not had a better or harder working corps of teachers, nor teachers who have put in more extra hours in giving help to delinquents, than the present corps; yet at mid year there has never been so many pupils, especially in the entering class, who have failed to come up to standard.

These pupils and their parents were warned of their failure, and I am glad to say that many of them are now doing better work and some of them will undoubtedly make good their standing before the close of the year.

The discipline of the school in every room has been a great improvement from last year.

The interest in all departments by at least 90 per cent of the student body is very marked and decidedly satisfactory. In consequence the general scholarship of the school is good.

Without doubt the Berlin High School has a national reputation in some respects, and certainly an enviable reputation throughout New England in many respects. Whether we are living up to our reputation or not, would be more becoming in others to say. Of this I am sure. Since the organization of the school in 1906 its progress has been rapid. The character of the work done in the school has been proven by the excellent record of its graduates, both those who have gone to college and those who are creditably filling responsible positions in the community. Among the High Schools of the state, we rank very high. The character and ability of our students as a whole is second to none. The citizens of Berlin have a just cause for being proud of their High School.

As a matter of some interest, but more particularly as a matter of record, I submit the following. Since September 1906 there have been 759 different pupils registered in the Berlin High School. Of these 245 have registered in the Latin Course, 252 in the Commercial Course, 210 in the Mechanic Arts Course and 52 in the Domestic Arts Course established in 1909.

There have been graduated from the school from 1907-1912, 151. From the Latin Course 65; from the Commercial 53; from the Mechanic Arts 33.

This year's class will bring the number of graduates up to 210.

In 1907 there were six graduates; in 1908 twenty-two; in 1909 twenty-five; in 1910 twenty-nine; in 1911 twenty-nine; in 1912 forty; in 1913 there will be about sixty. Of the graduates thirty-one have

gone to college, sixteen to Normal School or some higher grade school.

During these seven years there have been 49 different teachers connected with the school, none remaining more than three years excepting myself.

During my service here I have seen the school increase its registration from 138 in 1906-1907 to 399 in 1912-1913. I have seen its the number of teachers increase from 6 in 1907 to 60 in 1913. I have seen its graduating class increase from 7 in 1906-7 to 15 in 1912-1913.

There are some suggestions in regard to requirements for next year that I prefer to make to you personally.

As it is my purpose to sever my connection with the school at the close of this year, I cannot refrain from expressing to you my appreciation of the valuable professional suggestions and teachings received from you as superintendent; suggestions and teachings that must enhance the value of my services wherever I may go. Through you I wish also to express my appreciation of the very kindly assistance I have always received from the parents of the pupils and to acknowledge the respect always shown me by the pupils themselves and their friendly cooperation in doing those things that were for the best interest of the school. Whatever my future work may be, I assure you that my seven years' school work in Berlin will be among my pleasantest memories.

Respectfully submitted,

F. S. LIBBEY, *Principal.*

Tax Collector's Report.

Financial Reports.

Municipal Regulations.

For the Payment of Bills against the City.

All bills against the City must be approved by the person authorizing the charges; and unless this is done, no action can be taken upon the bill by the Committee on Accounts and Claims, and no order will be given for its payment. When bills are certified as to above, and left with the City Clerk not later than 12 o'clock M., on the Saturday preceding the first Tuesday of each month, they will be audited by the Committee on Accounts and Claims, and if approved by them and allowed by the Council, will be ready for payment on the following Thursday, at the office of City Treasurer.

Meetings of the Committee on Accounts and Claims are held on Monday preceding the first Tuesday on each month, and the regular meetings of the City Council are held on the first Tuesday of each month at 8 o'clock P. M.

Report of Finance Committee.

To the Honorable City Council:

Your Committee herewith submits its annual report for the year ending January 31, 1913.

The books, accounts and vouchers of all financial departments have been examined and carefully audited by the City Auditor, who reports the same to be in excellent condition.

His computation of the receipts and expenditures shows cash on hand \$12,405.42; net overdraft of \$8,416.68, and a decrease in the City debt during the fiscal year of \$8,675.42.

All unexpended balances from the various department appropriations, and all other cash receipts, excepting taxes and items belonging to other accounts, have been credited to the Transfer Account, and all overdrafts have been charged to this account, including the cost of the new Mason Street Bridges, which amounted to \$17,145.75.

This latter amount includes the contract price of the steel structures installed, which was \$14,599.50, the material and construction of the temporary bridges necessary to maintain travel, costing \$1,543.50, removing these temporary structures and other labor and material incident to the whole work.

No special appropriation was made to defray this expense, your committee relying upon credit items from sources other than taxes during the years 1912 and 1913 to satisfy it.

It will be noted that this can be accomplished the coming year if our finances are managed in the same way as they have been in the past year.

After providing for and satisfying all overdrafts, \$8,729.07 still remained as a credit balance in the Transfer Account, which amount, it will be seen, satisfied more than half the total cost of the bridges and temporary structures. Had we not been called upon to make this large expenditure our debt would have been reduced to the extent of \$25,821.17.

However, we have two splendid bridges admirably adapted to satisfy the demands of traffic, assure safety to the public, and they are fully paid for except a small balance due the Consulting Engineer for commission, which is more than provided for by credits due the Bridge Account.

We also had several other unexpected disbursements caused by the epidemic of contagious diseases, making an overdraft of \$964.44, repairs to the Fire Station in Ward 3, amounting to about \$300.00, unexpected sewer construction ordered by the State Board of Health amounting to about \$1,000.00, about \$1,000.00 expended for sidewalk extension to insure free mail delivery, and about \$400.00 construction bills on the High and Marston Schools contracted several years ago, but which remained unpaid. None of these items were provided for by the annual appropriation.

The balance due of uncollected taxes of George J. Oleson, Collector, for the year 1905, amounting to \$1,205.42, and \$2,000.00 of the uncollected taxes of J. E. Gonya, Collector, for the year 1906, have been abated, making a total abatement of these old uncollected and worthless assets of \$3,205.42.

During the past three years the Board of Assessors have abated of these old uncollected taxes and worthless assets the sum of \$11,807.61.

We urge that this practice of making annual abatements of these worthless assets be relentlessly pursued until they disappear from the City's accounts.

We have negotiated loans in anticipation of taxes to meet the current expenses of the City Government to the extent of \$30,000.00. Twenty thousand dollars of this amount has already been satisfied and a special effort will be made to pay the balance from the uncollected taxes of the current year. The total tax commitment for the year 1912 was \$151,337.97, of which amount Collector J. E. Gonya has collected and paid into the City Treasury the sum of \$123,664.14, which is a very creditable showing for this department. Our property valuation for taxation purposes as of April 1, 1912, was \$7,965,119.00, and we believe that this valuation will be increased the coming year to approximately \$8,500,000.00 by an increase in new taxable property.

Our total net debt at the close of the fiscal year was \$137,220.60. Our legal debt limit is five per cent of our valuation, which would entitle our City to incur debts in the aggregate to the amount of \$398,255.95 on the basis of last year's valuation.

If our valuation the coming year should be increased to \$8,500,000.00 our legal debt limit would be \$425,000.00.

It will be noted that on the basis of our last year's valuation we would have a borrowing capacity in addition to our existing debt of \$261,035.35, and on the basis of a valuation of \$8,500,000.00, we would have a borrowing capacity in addition to our present debt of \$287,779.40.

We believe that this makes a better financial condition than can

be shown by any other City in the State.

We could authorize a bond issue of \$100,000.00 to provide for a new City Building, one new schoolhouse, an incinerating garbage plant, and some other needed public improvements, and still have a large margin between our debt and the debt limit provided by law.

Public sentiment seems to demand these improvements, and it ought to receive a prompt response from the City Council.

Considering the small amount comparatively of our City debt, we believe the time has come when these permanent improvements should be made, and an issue of bonds authorized to provide the funds therefor, thus equitably distributing the burden and the benefits to be derived from such undertaking

We believe it will be necessary to increase our appropriation for the payment of interest the coming year to \$13,500.00.

We have credited our interest account in the past with \$2,540.00 Sinking Fund interest, which should have remained in the Sinking Fund Account. This amount ought to be credited back to the Sinking Fund, in order that we may be able to meet our bond issue of 1893, which matures December 1st, next, and our interest appropriation should be increased to that extent.

In conclusion we desire to call your attention to the fact that you have reduced the City debt during the past three years from \$167,-394.45 to \$137,220.60, a net decrease of \$30,173.85.

During the same period our assets were diminished to the extent of \$11,807.61 by the abatement of worthless uncollected taxes.

If these worthless assets had been retained the debt reduction would show \$41,981.46.

We recommend the following appropriations for the next fiscal year to defray the expense of the various departments of the City Government.
